

The bunker

EXT. FOREST - DAY

ZOE and SARAH hike a path. They carry survival backpacks.

SARAH

Are we lost? Not that it matters.

ZOE

We're almost there. Trust me.

SARAH

We don't even know if this bunker place is real.

ZOE

It is real and it's safe. We have enough water and food to survive for two weeks. We'll be fine.

SARAH

And then what? We crawl out of that hole and watch the world burn?

Zoe kisses Sarah on the lips and strokes her face.

ZOE

We'll figure it out. Trust me.

SARAH

I say we end it right now.

Sarah reveals a gun from the pocket of her backpack.

ZOE

Are you insane?

SARAH

I'm being practical.

ZOE

No, we can't give up yet.

SARAH

What if I have?

ZOE

Listen, I know you're scared, I'm scared too. I know there's no guarantee of staying alive but we have to try. Lets just find this bunker and hide. Please.

SARAH

I've made my decision.

Zoe twists the gun out of Sarah's hand and fires a couple of bullets in the air. Sarah shoves her in the chest.

SARAH

Stop it. You're being selfish.

ZOE

I am? It's you who's about to leave me alone in this shit.

SARAH

We're going to die anyway.

Zoe clicks the mag: one bullet. She hands the gun to Sarah.

ZOE

Fine. You give up but I will never do. Go deep into the woods. I don't want to hear that shot. Bye.

Zoe walks away from Sarah. Sarah waits for her to look back.

SARAH

Is that all you have to say to me before I shoot myself? I love you.

Zoe struggles to process but keeps walking. Sarah whimpers and disappears among the trees.

The asteroid slices the sky in two. Zoe breaks into a run. Sarah raises the barrel to her temple.

Zoe reaches an abandoned building with an iron door that has a lock on it. She tries to open it but no result. She breaks down and cries out loud.

SARAH O.S.

Move.

Zoe steps back. Sarah shoots the last bullet at the lock. Zoe jumps in her arms.

ZOE

You didn't do it.

SARAH

I couldn't.

The impact roars up. They open the door, get flashlights and go inside. They shut the door behind themselves.
